COLLISION BETWEEN USAGE AND CODIFIED NORM IN CONTEMPORARY BULGARIAN LANGUAGE

1 blank line

Mariana Georgieva Lazarova

1 blank line

Abstract: *In Contemporary Bulgarian the dying away of cases of interrogative, relative, negative and indefinite pronouns is a microprojection of a century-long process of gradual disappearance of nominal and adjectival cases. The result of a questionnaire are the basis of the conclusion about the neutralization of the morphological category "case" of pronouns.*

1 blank line

Key words: *case, pronouns, neutralization of the morphological category "case", collision between usage and codified norm*

2 blank lines

Main text of the paper.

If there are formulas in the text, they should be written with Equation Editor in Size 10, italic font

(1) *Cðon. < A. Wq. N*

2 blank lines
