

Project name Digital Transformation in Bulgarian Language Training
2023-1-BG01-KA220-SCH-000156681

Description The goal of the project is through digital transformation and using the possibilities of 4.0. to support the Bulgarian language education of students who live and study in a foreign language environment or whose mother tongue is different, who are studying in the Bulgarian language (BE) and Bulgarian language as a second (BEV) module of the curriculum.

This will be realized by developing methodological ideas and interactive electronic resources for children aged 5-7 years in the pre-literacy module and for students in grades 1-4.
