

**International Project**  
**DIGITAL PRESENTATION AND PRESERVATION OF INTANGIBLE CULTURAL HERITAGE**  
**DigiCult**

This project is implemented with the financial support of the European Commission under the programme Erasmus + KA 2 Strategic Partnerships and lasts for two years.

The DigiCult project aims to elaborate and promote an innovative framework for digitization and efficient and cost-effective training on digital presentation, preservation, and promotion of the intangible cultural heritage (ICH) of Europe from a global and long-term perspective.

The provision of relevant training in ICH digitization (standards and methods) will contribute to meet common challenges such as the digital shift and need of encouragement of innovation in the cultural sector as the ability for practical application of digital skills and competences is a valuable asset to any professional qualification in this domain.

The consortium includes seven organizations from four European countries:

- Burgas Free University, Bulgaria – coordinating organisation
- Regional Historical Museum-Burgas, Bulgaria
- DIMITRA Ekpaideitiki Simvilitiki AE, Greece
- Dimos Larson, Greece
- Latvijas Etnografiskais Brivdabas Muzejs, Latvia
- Latvia Culture College, Latvia
- European Training and Research Association for a Cooperation Key to Business, Italy
- Associazione Canto Di Eea, Italy

The project Coordinator is Assoc. Prof. Yanislav Zhelev, PhD.

The following results will be achieved within the project:

- Framework for common standards and models for digitization, presentation and preservation of intangible cultural heritage;
- Training course „Digitization, presentation and preservation of intangible cultural heritage“;
- Guide and recommendations for digitization, presentation and preservation implementation system in intangible cultural heritage.
