

**PROJECTS FUNDED BY THE UNIVERSITY RESEARCH FUND  
IN ACADEMIC YEAR 2009**

<b>Project Title</b>	<b>Faculty</b>
Using Neural Networks and Generalized Networks for Training and Conducting Analytical and Applied Research	Faculty of Computer Science and Engineering
Designing Peripherals Operated by Programmable Logic Circuits	Faculty of Computer Science and Engineering
Technological and Methodological Provision of the Computer-Aided Design of Technological Systems Course	Faculty of Computer Science and Engineering
Online Course in Technical English	Faculty of Computer Science and Engineering
Image Analyzer for Micro Objects in Dynamic Mode	Faculty of Computer Science and Engineering
E-Academy Open System for Automated Distribution of Microsoft Applications	Faculty of Computer Science and Engineering
Pulse and Computer Modeling of Business Processes	Faculty of Computer Science and Engineering
Electronic Schedules of Classes Information System	IT Department
Successful PR Campaigns	Faculty of Humanities
Sustainable Promotion of Innovative Training Programs and Practices in the Field of Social Work	Faculty of Humanities
Study of Attitudes Among Secondary School Graduates from Southeast Bulgaria for Continuing Their Education in BFU	Faculty of Humanities
Analysis of the Needs for Specialized English Language Training to Public Relations and Journalism Students	Faculty of Humanities
Nonfiction Text in the Training of Students in Journalism	Faculty of Humanities
Education – a Factor for Economic Growth in Europe	Faculty of Business Studies
Designing a Model and Making an E-brochure for the Training provided at the Faculty of Business Studies	Faculty of Business Studies
Implementation and Management of a BFU_ROBIC-2 Autonomous Robotic System with Open Source	Faculty of Business Studies
