INTERNATIONAL SCIENTIFIC CONFERENCE CELEBRATING BFU'S 30-TH ANNIVERSARY

Contemporary Management Practices XI

SMART SPECIALISATION IN THE DECADE OF BUSINESS CONNECTIVITY TO LOCOMOTIONS

BFU, Burgas, Bulgaria, June 4-5, 2021

Welcome to the "CMP XI - Smart Specialisation in the Decade of Business Connectivity to Locomotions" Conference!

The tradition of the "Contemporary Management Practices" conferences was established more than 20 years ago by some leading scientists and specialists, recruited by Burgas Free University (BFU) and the preceding editions of the Conference were accompanied by events like round tables and discussion forums, which connected science and practice and sparked the interest and participation of a wide circle of stakeholders. This year the conference focus will be interdisciplinary and in line with the Faculty of Business Studies as co-organiser will be the Faculty of Computer Science and Engineering at BFU.

This year's jubilee edition of the Conference is organised in partnership with the Industrial and Logistic Park Burgas and working sessions for all the participants will be held both at the university and on the industrial zone premises. The conference is related to the activities under the project "Indexing the Regional Innovative Levels in the Sectors of the Economy (IRISI)- scenario for the identified in the ISSS four priority thematic areas for smart specialization and their positioning towards the circular economy" under the National Science Fund of Bulgaria (KP/06/OPR 01/4/ 21.12.2018), with the special participation of the BFU partners from Portugal, Poland, Slovakia, Germany, etc. and a working group meeting of the EU COST Action "Multi-Disciplinary Innovation for Social Change (SHIINE)" will be held. The conference is incorporated in the last days of the "Erasmus+ International Teaching and Training Week" at BFU – June 1-5, 2021 and its participants may join referring [Here!](#)
